Department News-Labor Demonstration-The Vice President.

WASHINGTON, Nov. 17.—All the available force in the Department of Steam Engineering at the Washington Navy-yard was set to work yesterday to put the machinery of the monitor Catskill in order. The vessel will be hauled into the wharf to-day from her present position in the stream, and will be got ready as quick as possible for sea, and will proceed to Norfolk, when she will be docked for the purpose of having her hull inspected.

On the recommendation of the Surgeon General, Assistant Surgeon J. B. W. Gardner is ordered to report by letter to the commanding officer of the Department of Arizona for assignment to duty. Recruits are ordered as follows: One hundred to San Antonio, Texas, for the Tenth Infantry, and one hundred to Dallas, Texas, for the Eleventh Infantry.

For the past three months the Labor Leagues of the District have been making preparations for a grand demonstration in honor of the assembling of the Forty-fourth Congress.

It was at first determined to confine the demonstration to the Labor Leagues alone, but as the matter progressed it was found necessary to enlarge the program so as to make the reception of general interest. At a meeting of the Labor Leagues, held at their headquarters last evening, there being also present the representatives of fifteen outside organizations, it was resolved to extend an invitation to all the societies and citizens in general of the entire District to take part in the demonstration. This was done unanimously, and committees appointed to wait upon the officers of the different organizations.

Wallace Barlett has been promoted from Assistant to Principal Examiner in Patent Office, in place of S. C. Woodward, commissioned by the President as a member of the Appeal Board of Patent Examiners.

Vice President Wilson was not so well yesterday—due, in the opinion of his physician, to an excess of visitors. He is better to-day.

New York.

Moody and Sankey—The Rifle Team—From Washington—The Herald on Cuba.

NEW YORK, Nov. 17.—Moody and Sankey will commence their revival work in this city probably some time in January, but in any event, not later than February 1st. Previous to this, however, they visit Philadelphia and Chicago, for a brief stay at each of these cities. Gilmore's Concert Garden here has been leased at \$1,300 per week for the use of the Evangelists.

The American Rifle Team meets to-day at Goshen, Orange county, to engage in a second contest for the prize won by them at Providence, R. I. The final match takes place at Creedmoor.

A Washington, D. C., special says a committee has been appointed to investigate certain irregularities alleged to exist in the office of the Third Auditor and Second Comptroller, and especially to investigate the manner in which claims are passed.

Secretary Bristow has sent instructions to all Custom-house officials to cut down expenses, so as to bring them within the appropriation that will be made by Congress.

The Herald this morning editorially discusses the Cuban question and the advantage of war with Spain. It argues that in the event of Spain being forced into a war to prevent the annexation of Cuba to the United States, it is probable that she might have as allies to assist her both France and England. The cost of war in a contest for Cuba would be infinitely greater than the mercantile value of Cuba. Besides, Cuba will ultimately come into possession of the United States without a war. In case of war our credit in the European money market would be weakened. It would advance gold, paralyze the revenue of manufactures, and add to the volume of currency. The Herald argues that for these reasons in addition to the Centennial celebration, which would be blighted by a war or the apprehension, the duty of the administration and the people is that of absolute peace. It protests against the administration party making war for the purpose of advancing the third term project, and urges the President to remember that for him the highest fame is what is to be found in peace. He has won laurels enough in the battle-field to care nothing for a military success over a friendly and sorely troubled people.

OGDEN, UTAH, Nov. 17.—A heavy storm prevailed again last night in the West. It was very severe in the mountains between Sacramento and San Francisco.

Mrs. Moulton and the Churches. BROOKLYN, N. Y., Nov. 17.—Much interest is felt in church circles here as to whether Mrs. Moulton will be successful in her efforts at securing a council of churches on the question of her dismissal from Plymouth Church, and of allowing her an opportunity to substantiate the charges contained in the recent letter to Plymouth Church members. If a council is called, it will most probably be ex parte; as Plymouth would refuse to join the call.

Corner Stone—Cut in Place.

PHILADELPHIA, Nov. 17.—The corner stone of the statue to be erected to the memory of Rev. John Witherspoon was laid in Fairmount Park yesterday afternoon. Addresses were made by Rev. Dr. Musgrave, of this city, and Rev. Dr. Adams, of New York. The statue is to be of bronze, and to cost \$25,000.

A boy named Edward McCutcheon, aged 12 years, while playing a planing mill, was caught in one of the machines and cut to pieces. His remains were gathered in a box and an inquest held.

Fire Losses.

OMAHA, Nov. 17.—A hundred and twenty thousand dollar fire occurred at Salt Lake Monday night. Hussey's bank building, said to be the finest bank building in the country, and occupied by the Deseret National Bank, was totally destroyed. The bank saved everything and reopened at 10 o'clock yesterday morning a few doors away from the scene of the fire. Several adjoining buildings were slightly damaged.

MAYSVILLE, Ia., Nov. 17.—A fire here last night destroyed the new store of J. D. Burrell, together with his stock of goods and several notes. Loss \$20,000; uninsured.

Grain on Hand—Reigning.

CHICAGO, Nov. 17.—The elevators contain 1,061,312 bushels of wheat; 70,250 bushels of corn; 825,144 bushels of oats; 140,918 bushels of rye, and 335,861 bushels of barley. Total, 2,555,260 bushels, against 2,833,830 bushels a week ago, and 2,000,000 bushels at this period last year.

The Milwaukee elevators are stored with 602,751 bushels of wheat; 18,355 bushels of corn; 32,450 bushels of oats; 1,388 bushels of rye, and 143,850 bushels of barley.

The resignation of Hon. W. K. McAlister, one of the Judges of the State Supreme Court, was received by Gov. Beveridge yesterday, he having been elected one of Circuit Judges of this county, at the recent election.

Excitement at the Races.

WHEELING, W. Va., Nov. 17.—The races that have been affording amusement for the lovers of the turf for the past week in this city, terminated unsatisfactorily to certain parties. Sleepy George had proved the successful horse during the week, and the backers of Sorrel Billy and Sally put up a purse of \$500 for a special race against Sleepy George. Wheeling sportsmen bet heavy on George, the pools aggregating \$7,000. Gus Smith, who drove Sleepy George, was detected holding the horse in, and the drivers were changed, and the second driver did likewise, and Sleepy George came in last, as was intended. The judges, however, gave him the race and money. In consequence of this action the excitement prevailed, and the pool great excitement prevailed, and the pool was attacked by the friends of Sally and Sorrel Billy.

Comments on Guibord's Burial.

MONTREAL, Nov. 17.—The morning papers have congratulatory articles on the peaceful burial of Guibord and the vindication of law and good government.

Latest Local.

THERE were two cases of lunacy before the Probate Court this afternoon.

MR. T. H. CONLY, a well-dressed river man, pays \$5 and costs for the luxury of striking Gus Colcher, Ex-detective.

NED LEE, stone cutter, late of the new Post-office building—drunk—fell on Esplanade and bruised nose this P. M. Scopped.

JOSEPH BODIE, of Maysville, arrested last night as a "fugitive from justice," was turned over to an officer from Maysville, and left for their home to-day.

The committee appointed to seek ways of retrenching in the different city departments met this afternoon at four o'clock, but up to the time of our going to press did nothing of importance.

HENRY SCHROEDER, a carriage trimmer, assaulted Wm. Ostendorf, a saloonist of Main street, yesterday, with a brick. Judge Lindemann held him to bail in the sum of \$500, and continued his case.

MAYOR JOHNSTON seeing on the slate this morning a charge of "unpleasant" against Wm. Carson, of Pittsburgh, ordered his discharge. He was brought in last night by Officers Burke and Delahanty.

MAX BRAAM, a teamster living at the corner of Hunt and Pendleton streets, was charged by Miss Mary E. Rinne, of 256 West Court street, with seduction. He was examined in the Police Court this morning and his case dismissed.

TWO horses attached to a beer wagon, belonging to J. G. Schaefer & Co., ran away this morning about half-past ten o'clock. They took their course up Vine street, and were checked at the intersection of Court street, by a passenger of a Route No. 9 car. Fortunately no damage was done.

AUGUSTUS HAMLIN, Esq., counsel for Wm. Fitzpatrick, charged with resisting Officer Burns who arrested him for disorderly conduct, says an open Court that "a man who manifests the nervousness and heat that Mr. Burns has in this witness stand is not fit to be an officer." That didn't save his client, however, from laying down \$12 for the State.

THE cases of Mrs. M. Meyers and Jas. O'Brien, charged with the lifting of a lot of lace from the store of W. H. Tarr, on Fifth street, some time ago, were called before a jury in the Police Court. Owing to the absence of Mrs. Meyers, O'Brien's case was first taken up. He is accused of having stolen a piece of lace worth \$17.27. The case is now in progress.

JAMES JACKSON, a young colored loafer, got a good dose from his Honor this morning. For loitering he gets ten days in the Work-house; for stealing a coat from Lotta Coleman (colored) he goes out for 30 days and pays a fine of \$15; for attempting to steal a pair of gloves from the store of John Bolefah, 315 Main street, he goes out for 30 days and pays a fine of \$50.

PETER HORNE, it will be remembered, was struck by a beer glass, during a drunken row, by William Seitz, last Wednesday. Some days after Horne was picked up from the street and taken to the Cincinnati Hospital and treated for delirium tremens. About 1 o'clock this morning he died there. Seitz, in the meantime, is held in \$5,000 bail by Judge Lindemann, before whom he appeared this morning, represented by T. C. Campbell, Esq., until he hears from the inquest which will be held on the body of Horne. The deceased lived on Court, between Cutter and Linn.

J. M. RUTLEDGE, of Dayton, Ohio, came to this city to hunt work. He is now dead broke. To raise a stake, he went yesterday to the drug store of John Weyer, corner of Sixth and Elm streets, and obtained a loan of \$3, giving as security what purported to be a note for \$50, drawn and signed by Mr. A. C. Clark, of Mt. Airy, a business man of this city. Mr. Clark pronounced the note a forgery, when Rutledge, who was afterward recognized on the street by F. Baumgardner, the drug clerk, was arrested and charged with forgery. This morning Judge Lindemann bound him over to the Court of Common Pleas, his bond fixed at \$300. He was about to be taken down, when Mr. Colby, of Colby, Rohrer & Co., came forward and charged him with obtaining two clothes wringers from their firm, value \$15, by false pretenses. His case was continued.

Women's National Temperance Union.

A finer body of ladies never assembled in any place than that which met in convention at St. Paul's Church this morning at 10 o'clock. The beautiful room was comfortably filled, and when all were ready the meeting was called to order and Mrs. Anne Wittenmeyer, of Pennsylvania, was elected President, and a Vice President from each State: Mrs. Mary C. Johnson, of New York, Recording Secretary; Assistant Secretary, Mary T. Burt, of New York; Miss F. E. Willard, of Illinois, Corresponding Secretary.

The exercises were opened by the reading of the Scriptures by Mrs. E. E. Thompson, of Ohio; and Mr. S. A. Gifford, of Mass., led in prayer, after which an address of welcome was delivered by Mrs. S. K. Leavitt, of Cincinnati, to which Mrs. J. F. Willing, of Illinois, responded.

After some little time spent in seating the delegates from the different States, the choice of which was decided by ballot, the morning session adjourned.

Upon re-assembling in the afternoon, the exercises were opened by Mrs. Mary C. Johnson, President of the Brooklyn Union, and Elizabeth Constock, of Michigan, the well-known Quaker lady who won such an enviable reputation by her labors for the soldiers during the late war.

Miss Frances E. Willard, of Chicago, then submitted her report of work accomplished during the year. A mass-meeting will be held this evening, also Thursday and Friday evening, to which the public are cordially invited.

Board of Improvements.

The Board of Improvements met in special session, Mayor Johnston in the Chair and Messrs. Corbett, Halpin, Sutton and Groene present.

The Southern Railroad Company was granted the privilege of delivering and unloading seven to ten cars loaded with stone, on Front street, between Main and Sycamore.

THE SINTON MONUMENT.

The following from David Sinton, Esq., was read:

To the Honorable the Board of Improvements and the Honorable the City Council:

GENTLEMEN.—Referring to my former communication to the City Council, in which I requested permission to erect some suitable work of art on Fifth street, between Main and Walnut streets, I would now petition your honorable bodies to pass the accompanying ordinance that I may at once commence work on the same.

Respectfully yours, DAVID SINTON.

The ordinance as follows was referred to Council:

An ordinance, granting permission to David Sinton to make certain improvements on the Fifth street market-space, between Main and Walnut streets.

Be it ordained by the Common Council of the City of Cincinnati:

Section 1. That permission be and is hereby granted to David Sinton to improve Fifth-street market-space between Main and Walnut streets, at his own expense, by placing thereon a stone esplanade forty-eight feet in width, of such ornamental design as he may select, the same to be completed under the direction of the City Civil Engineer, who is hereby directed to cause the width of the sidewalks on said square to be reduced to thirteen feet for the purposes of such improvement.

Sec. 2. That said David Sinton be, and he is hereby further authorized to erect upon said Esplanade, at his own expense, such ornamental work of stone or bronze as he may select; the same to become and remain public property, and to be cared for as such from and after its completion.

A number of ordinances to improve streets in the East End, were read and approved.

The pay roll was ordered paid.

Mr. Corbett stated that the Work-house Directors have withdrawn the labor of the men on Columbia avenue.

The Street Cleaning Department has been reduced about thirty per cent. This was done to reduce expenses. Mr. Noble was authorized to sell a number of superfluous horses belonging to the Street Cleaning Department.

Notes in the Police Court.

The bench this morning was again full of the usual number of the rag, tag and bob-tail fraternity. The cold snap has had a withering effect on their "phizmahoganes," and their pinched features were as expressionless as a cake of soap.
